

SORTED ON SEX

Sexual Health Services for Young People

Confidential advice and services for young people under 21.

No appointment necessary, just drop in to a clinic for:

- Contraception including emergency contraception and condoms
- Longer lasting contraception e.g. implants
- Free pregnancy testing, advice and referral for termination of pregnancy
- Testing for all STIs
- Information and advice

It is advised to attend for registration which starts at 3.15pm. Numbers may be restricted depending on volume of patients.
